Feb 2022 – Jul 2022

- Managed Windows servers and system configurations.
- Assisted with endpoint security and troubleshooting.
- Supported network security monitoring and maintenance.

Skills & Tools

Offensive Security & VAPT :

Burp Suite, OWASP ZAP, Nmap, SQLMap ,GraphQL, Metasploit, Hydra, Nikto, Dirbuster, Gobuster

SAST (Static Application Security Testing) ;

SonarQube ,Veracode,Semgrep & more

Web & Application Security:

OWASP Top 10 ,Secure Code Review ,Authentication & Session Testing ,Business Logic Testing ,
API Security Testing

Network & System Security:

Network VAPT, Firewall Configuration ,VPN Security ,IDS/IPS ,Linux & win server Hardening

Digital Forensics

Autopsy,Volatility, Wireshark ,Memory Analysis ,Network Packet Analysis

Blue Team / Security Monitoring

Splunk ,Wazuh ,Log Analysis ,Security Event Monitoring , Incident Detection

Platforms & Tools:

TryHackMe, HackTheBox ,GitHub, PortSwigger

Achievements:

- 🏆 Gold Medal – West Regional IndiaSkills Competition 2026 (Cyber Security)
- 🏆 Gold Medal – Rajasthan Skills Competition 2026 (Cyber Security)
- 🏆 Ranked Top 5% globally on TryHackMe with 80+ labs solved.

Certifications

Certified Ethical Hacker (CEH v13) – EC-Council
Ethical Hacker Badge – Cisco
Advent of Cyber 2024 – TryHackMe
Python Programming – NSDC
Python Essentials – Cisco

Education

B.Tech (Computer Science Engineering)

Jaipur National University

CGPA: 8.2 (2024–2025, Lateral Entry)

B.Voc (IT & Networking)

Bhartiya Skill Development University

CGPA: 8.13 (2021–2024)

Projects

TryHackMe CTF Challenges – Top 4% Globally

Solved 100+ labs focusing on web exploitation, privilege escalation, and post-exploitation scenarios.
